## TRANSFORMATIVE RESEARCH, PERSONALIZED CURRICULUM: THIS IS THE MAX PLANCK SCHOOL MATTER TO LIFE.

---

Students with backgrounds in chemistry, physics, biology, biochemistry, bioengineering or materials science are encouraged to apply to the **Max Planck School Matter to Life**.

---

The School will enable outstanding graduates to gain their doctorate through a direct track scheme that includes a master's degree.

---

Students may choose from over 20 of Germany's most renowned and successful research laboratories to pursue their research in the emerging scientific area of The Physics, Chemistry and Engineering of Life.

---

We offer:

- **Generous financial, residential & medical insurance support**
- **Excellent research opportunities**
- **Unique and inspiring setting**
